Spring 2011 Newsletter

This will be a very brief newsletter to let you know what is going on with us. The plan was to have our catalog out in January – that obviously hasn't happened. Hopefully we will get a catalog done in June. The current thing that will delay the catalog is the fact that we are going to be moving to new quarters soon. Our new location will be in the S Helper building in Cliffwood NJ. Our anticipated opening date there will be May 1. We will start moving things over the last two weeks in April, our phone will still be hooked up in Dunellen thru April 30, but we may or may not be around much. Leave a message and I will get back to you asap. It is not sure whether we will be able to retain our current phone # after the move. Our hours of operation may also change. Check our web site for information. We also had plans to go to the Spring Spree, but since we will be totally tied up with the move to new quarters, we won't be able to make it

Moving sale:

Special offers thru April 15: we are offering a sale price on our special run SHS USRA hoppers – a three pack + a single car for any of the three road names (DL&W, CNJ or Public Service) will be \$125, including shipping in continental US.

(If you order on line, we will adjust the price to the sale price)

Des Plaines (S Scale America): Open hoppers – buy three for \$100 (shipping included)
 S Helper 2006 Christmas car BN bulkhead flat car with present load \$55 (shipping included)

S Helper C&I offset hoppers (#01868/01869 – American flag scheme) \$80.00 (shipping included.)

We are also not going to have as much room for display as in our current location, so I will be putting together a list of cars we had on our display layout for sale. Will have that in the next newsletter.

Older items in stock:
